

PROFESSIONAL SUMMARY

An ambitious and dedicated Information Technology undergraduate student from a reputed institution, driven by a strong passion for learning and innovation. With a keen eye for detail and a problem-solving mindset, I continuously seek opportunities to apply my technical knowledge to real-world challenges. I combine my technical skills with strong communication, teamwork, and time management. My academic background, combined with hands-on experience in various projects, has equipped me with a solid foundation in programming and web development. I am eager to contribute meaningfully to impactful projects, collaborate with forward-thinking teams, and play a key role in the growth and success of any organization that I join.

KEY EXPERTISE

C C++ HTML CSS JavaScript Basics of Python

New Shalimar Public School, North West Delhi

2021

10th | CBSE | Percentage: **90.40 / 100**

PROJECTS

To Do List Web App

Mentor: Self | **Team Size:** 1**Key Skills:** HTML CSS JavaScript**Project Link:** https://145-adityakumarjha.github.io/TO_DO_LIST/

To-Do List is a simple and interactive web app built using HTML, CSS, and JavaScript. It allows users to add, delete, and mark tasks as complete. With a clean, responsive design and dynamic functionality, it's perfect for managing daily tasks efficiently in any modern browser without needing a backend.

Portfolio Website

Mentor: Self | **Team Size:** 1**Key Skills:** HTML CSS**Project Link:** <https://145-adityakumarjha.github.io/portfolio1/>

This is a personal web project built using HTML, CSS, and JavaScript. It showcases skills, projects, and contact information with a clean and responsive design. Ideal for professionals to present their work and make a strong online impression.

Netflix Frontend

Mentor: Self | **Team Size:** 1**Key Skills:** HTML, CSS and Javascript**Project Link:** <https://145-adityakumarjha.github.io/Netflix-Frontend/>

This project is made by using HTML, CSS and JS. In the project there are four sections - Bollywood (Movies and and Series) and Hollywood (Movies and and Series). If clicked on movies it plays a Youtube trailer of that movie or series.

ASSESSMENTS / CERTIFICATIONS

Vihaan 8.0 Hackathon

Provider: IEEE Computer Society DTU

Key Skills: React.js Tailwind CSS Node.js Gemini AI API

Developed HealthAI, an AI-powered web application for symptom-based disease prediction and medical recommendations. Implemented a responsive frontend with React.js and Tailwind CSS, integrated Gemini AI for predictions, and designed secure backend APIs using Node.js and MySQL. Enabled real-time diagnosis to assist patients and support doctors with pre-diagnosis insights.
